

## Instructions for applying Smart Cover™ II Paperback Book Covers

1. Remove the narrow strip of liner from the back sheet and position the sheet on the back cover within 1/2" of the spine. Press onto the book. Remove the remaining liner and press back cover sheet onto the book.

2. Remove liner from the spine flap of the front cover sheet and position the sheet so that the cover area is 1/2" from the spine.
3. Fold the spine flap around the spine so it overlaps the small strip on the back and press the spine flap onto the book.
4. Remove the remaining liner from the front cover sheet and press the sheet onto the book.
5. Trim off excess material.
